About CAMP

The **Career Advisory And Mentorship Program (CAMP)** is a career and life-molding project by StudyExpress Limited for Proprietors, owners, parents and students of Senior Secondary Schools.

This program is aimed at developing talents and modeling bright futures by breeding highly skilled professionals and leaders from high school.

Through this project, we shall connect students with career advisors and mentors who are working professionals in order to help them in their career choice and also groom them to become better professionals in the future.

The Benefits

Additional research into career advisory and school-based mentoring programs found that mentored students develop more positive attitudes towards school, were more likely to trust their teachers, and develop higher levels of self-confidence and a greater ability to express their feelings. (Curtis & Hansen-Schwoebel, 1999; Karcher, 2005; Karcher, Davis, & Powell, 2002).

This program is going to benefit all the parties involved in the following ways

To The School

- ✓ Improved academic performance
- ✓ Raising well-groomed students
- ✓ Helps students make better academic and career choices
- ✓ Lessen the burden of schools over their students, as mentoring helps produce more responsible students.
- ✓ Developing talents and modeling a bright future by breeding highly skilled professionals from high school
- ✓ Reduces teachers' stress in teaching and coaching students.
- ✓ More friendly academic environments with more social-friendly students.
- ✓ Helps to breed better-prepared students.
- ✓ Ease of learning and ease transition of students into the outside world.

To The Student

- ✓ Be a standout among your peers through access to unique career and industry resources, information, tutoring and other internship programs.
- ✓ Better academic performance: Students who have had career advisors and mentors typically perform better than students who haven't. Mentoring in schools can have a significant impact on the dropout rate among high school students.
- ✓ Work smarter in your pursuit of academic and career goals.
- ✓ Gain invaluable insight beyond classroom experience, which directly increases your academic performance and help reach your goals faster.
- ✓ Make guided and informed decisions about choice of profession, institutions to attend and lots more.
- ✓ Access to a support system during critical stages of your academic and career development.
- ✓ Enhance your interpersonal relationship at school and in society through professional interaction with mentors, tutors, and other peers.

PROGRAMS FOR STUDENTS

A considerable amount of research has shown that providing academic support provides an obtainable path towards success for high school students. There is a particular need to develop effective extra-help strategies, approaches, and organizational structures at this level of life.

Here are some of the programs we have outlined for the benefit of the students

Career Guidance and Mentorship Program

The goal of our Career Counseling and Mentorship program is not to only help you make the decisions you need to make now, but to give you the knowledge and skills you need to make future career and life decisions.

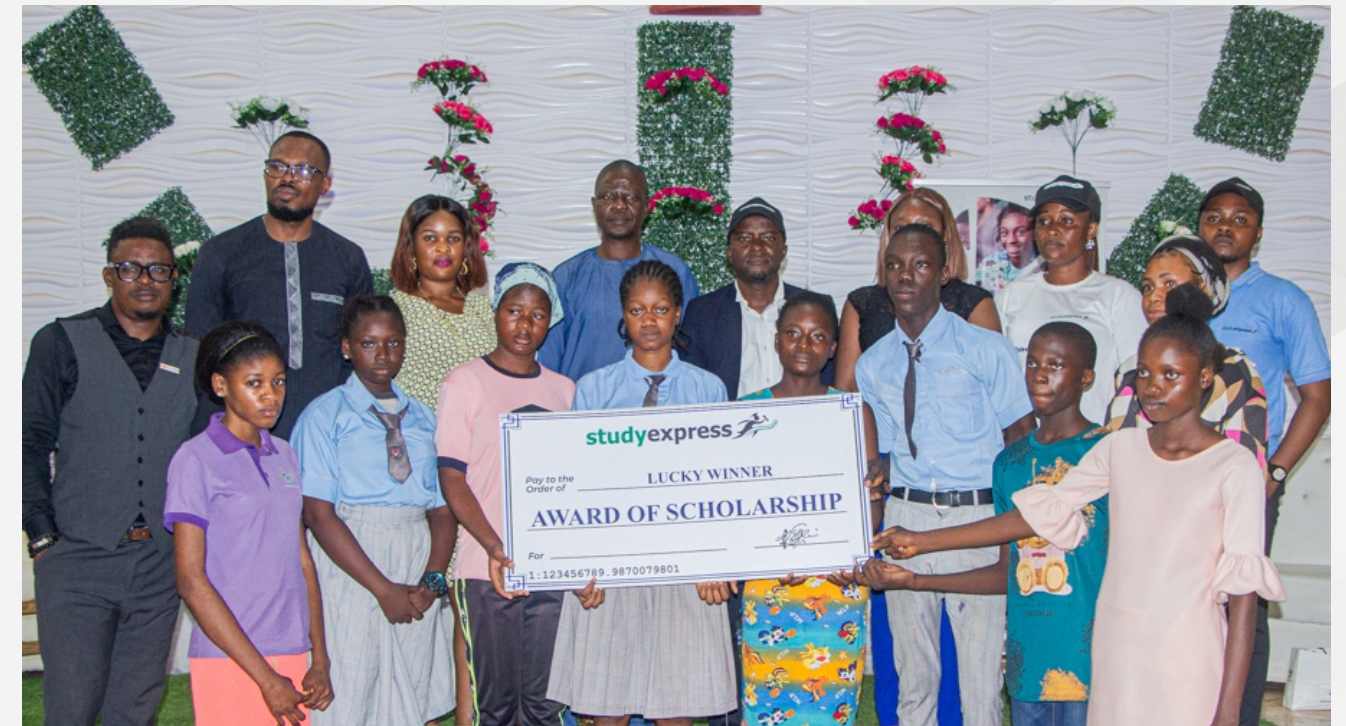

Our Career Services team and mentors are specially-trained professionals and with expertise in career development theory, counseling techniques, administration and interpretation of assessments, and career information resources.

Your Career Counselor will

- ✓ Help you figure out who you are and what you want out of your education, your career, and your life.
- ✓ Be someone for you to talk to about your thoughts, ideas, feelings, and concerns about your career and educational choices, who will help you sort out, organize, and make sense of your thoughts and feelings.
- ✓ Help you identify the factors influencing your career development, and help you assess your interests, abilities, and values.
- ✓ Help you locate resources and sources of career information.
- ✓ Help you to determine next steps and develop a plan to achieve your goals.

Academic Awards and Foreign Scholarships

We provide a free, up-to-date, comprehensive list of partially and fully-funded scholarships, grants and other awards that are available to students in Nigeria and anywhere around the world. We keep you informed about application procedures, requirements, deadlines, and everything you need to know about these Scholarships.

Local scholarships include The PTDF, NNPC/Total National, Exxon-mobil, NNPC-ADDAXX, Shell, NLNG, the MTN foundation, Jim Ovia Foundation, David Oyedepo foundation and other highly-rated scholarship opportunities.

We also provide you access to foreign international scholarships available in USA, Canada, UK, Australia, and other European countries.

STUDYEXPRESS ANNUAL SCHOLASTIC ACHIEVEMENT AWARDS

The StudyExpress Annual Scholastic Achievement (SASA) Award is an annual recognition bestowed upon exemplary students who have demonstrated outstanding academic performance and exceptional dedication to their studies. This prestigious award not only acknowledges the hard work and dedication of recipients but also motivates and inspires others to strive for excellence in their academic pursuits.

With StudyExpress' rich history of celebrating the brightest minds across various fields of study, the SASA Award serves as a testament to the importance of academic excellence and the impact it has on shaping future leaders. Winning this award can provide students with numerous opportunities to further their academic pursuits and career aspirations, and to also serve as a source of inspiration for others.

The SASA Award Presentation

The Annual SASA Award Presentation Ceremony is a special event that recognizes and celebrates outstanding academic achievement. The ceremony is a time for faculty, staff, family, and friends to come together and honor these hard-working scholars.

The ceremony will take place on the same day when the selected schools hold their End-of-The-Year program,

and we look forward to honoring our recipients and inspiring future generations to follow in their footsteps. We invite all parents, teachers, and friends of the awardees to join us in this memorable event.

It is an honor to receive this award, and students should be proud of their achievements and commitment to their education.

Inter School Debate and Essay Writing Competition

We organize periodic Essay and Inter-School debate Competition on various topics, throughout the year involving several schools. This is a very healthy thing as a student is assessed, not only within the school, but is compared with the students of all the other schools too. These competitions give the students a boost in their academics and raise their confidence while progressively developing a positive attitude towards competitions.

Private Tutoring and Academic Support

Academic supports are programs and strategies that are used by schools to increase the academic achievement of students, particularly for students who may be at risk of diminished academic achievement. A wide variety of strategies have been developed to provide extra support to students. Effective tutoring programs provide motivation, personal individual attention, direct instruction, and error correction to increase students' academic skills.

Mentorship programs are a common source of tutoring that may also provide motivational support to students. Before and after-school programs allow for additional time & support to complete homework, and afford opportunities for adult assistance without taking students away from their normal instruction in school.

Summer Booth Camp and Internship

The Summer Mentorship Program gives students a chance to explore several career options through engaging training, workshops, synchronous and asynchronous activities, and a special group project. It affords them the opportunity to learn from and connect to a variety faculty and professionals, enjoy valuable mentoring experiences from other students from other schools. You also gain a greater understanding of whether a career is right for you as early as possible.

Etiquette, Social, Inter-Personal and Leadership (ESIPL) Skills Training

In this program, we teach the essential skills they need to confidently navigate social and professional situations with polish and poise. They learn important etiquette and social skills for personal and professional success. These interactive sessions will cover introductions and greetings, confident body language, digital diplomacy (cell phones, email, texting, social media and video conferencing), Inter-personal relationship skill, dating do's and don'ts, conversation skills as well as table manners and dining etiquette.

PROGRAMS FOR PROPRIETORS, SCHOOL OWNERS AND TEACHERS

In recent years educational systems have been facing similar problems around the world. These programs aim to assist in facing these challenges and provide high-quality continuous professional development for School owners and Proprietors.

Our programs give you the platform to interact with and learn from a global network of school leaders and tutors.

Train-The-Teachers Programs (3TP)

Our on-site and online training programs that are customized to meet the unique needs of your staff and in the process discover effective teaching strategies. We believe that professional development is key to life-long learning and delivery. Our consultants and trainers provide hundreds of professional development courses, and we specialize in creating an environment that's full of energy, real talk, and specific practical examples that teachers find refreshing and easy to implement.

We make it our mission to get your teachers excited about getting back in the classroom with the resources they need and getting you results that will make a difference in student success. With each training, we provide lesson plans, activities, and resources to help your staff implement new learning the very next day.

Your teachers will walk away with tools and knowledge so their professional learning impacts not only their instruction but also student success.

PROGRAMS FOR PARENTS OF SECONDARY SCHOOL STUDENTS (2P3S)

These programs give you all that is required to meet the challenges of your children's teen years. They are based on sound principles of child and adolescent development, and it provides parents with indispensable parenting help.

We engage highly trained and internationally certified trainers and professionals in all our programs. Combining lectures, courses, online and on-site events, group discussion, networking activities within Nigeria and abroad, these programs will show you how to: communicate effectively with your Teenage children, how you can help them achieve their academic and career goals, give your teen the tools needed to behave in a responsible way, be a positive influence on your teens and reduce the risks of the teen years, including alcohol, drugs, sexuality, violence and much more!

Management and Leadership Training Programs For School Owners And Proprietors (MLTP)

StudyExpress Limited in collaboration with highly skilled trainers and Internationally accredited institutions in Nigeria and abroad, partners with the Association of School owners and Proprietors to integrate expertise in team management and instructional leadership, to provide school owners and leaders with frameworks, policies, skills, and knowledge to effectively lead and drive change improvement in schools.

Our programs focus on change management, Early childhood education, Classroom Management Strategies, Engagement Strategies for the 21st-Century Learner, Student-Driven Learning global education, innovative use of learning environments, new technology in learning and many more.
